EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full Stack Web Developer

Remote
August 2022 – June 2023

Carbooky App :

- Functionality: Create, delete, and reserve cabs.
- Notable Achievement: Earned the highest project score in the team with a remarkable 93.6% rating.
- Technologies: Ruby, Ruby on Rails, React, Redux, PostgreSQL.

Library Web App

- Functionality: Awesome Book project with book addition and deletion functionality.
- Guided partner in effective use of JavaScript for DOM manipulation.
- Technologies: HTML5, CSS3, JavaScript.

React Todo List App :

- Functionality: Feature-rich to-do list application with React, utilizing browser local storage for persistence.
- Acquired solid understanding of React fundamentals.
- Technologies: HTML5, CSS3, JavaScript, React.

Highlighted Professional Experience

Full-stack Developer | Betr Beta

Remote
September 2023 - Present

As a Full-stack Developer at Betr Beta, I contribute to tailoring software upgrade journeys, streamlining the transition process from personal Android apps to client devices. Our solutions minimize lengthy discussions, mitigate risks, and expedite the realization of benefits with optimal efficiency.

Key Responsibilities and Achievements:

- Utilized Next.js, Chakra UI, Firebase, Cypress, JavaScript, TypeScript, HTML, and CSS to implement efficient solutions.
- Managed tasks with GitHub, Trello, and Microsoft Teams, ensuring transparent and organized project workflow.
- Implemented video descriptions for clear documentation and significantly improved debugging skills.

- Proactively picked up tasks on Trello, demonstrating initiative and a commitment to project success.

Professional Development:

- Adapted quickly to new technologies, relying on natural skills for rapid learning.
- Thrived in a challenging environment with a strict manager, viewing the experience as an opportunity for mentorship and growth.
- Successfully completed over 50 cards on Trello, contributing to projects such as the Release Note Manager, Authentication Website, and Parent Landing Website.

This role has expanded my technical proficiency, emphasizing adaptability, initiative, and continuous improvement in a dynamic development environment.

MICROVERSE

Remote

Mentor (Volunteer)

August 2022 – May 2023

- Mentored 6 junior web developers, providing technical guidance through code reviews, utilizing Zoom and Slack for seamless communication and collaboration.
- Proposed improvements to code organization to improve code quality and overall performance by 15 - 25%.
- Provided impactful motivation and guidance resulting in the sustained focus and commitment of all 6 mentees, who remain fully engaged in the program.

Institute of African Studies,
University of Ghana

Accra, Ghana

Academic Officer

October 2022 – September 2023

- Serve as the primary point of contact for students' academic issues, resolving inquiries and providing solutions.
- Streamline processes and ensured prompt resolution of student concerns.
- Demonstrated exceptional attention to detail in tracking missing student results, successfully identifying and resolving over [500 missing results](#) within a week.
- Provide reliable support in organizing academic office meetings, including coordinating with the IT team and facilitating smooth sessions.
- Took charge of a critical meeting when my supervisor was unavailable, efficiently managing the process and compiling essential documentation.

EDUCATION

MICROVERSE

August 2022 – June 2023

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and Full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UNIVERSITY OF GHANA

August 2018 – September 2022

Undergraduate Degree, Economics & Philosophy

- Demonstrated strong understanding of economics and how economies function.
- Developed advanced critical thinking, questioning, and analysis skills through the study of philosophy.
- Produced well-crafted arguments to support or critique various philosophical positions.
- Performed complex mathematical calculations with high precision and accuracy.
- Presented solutions and philosophical arguments to large audiences, including a class of over 300 students.
- Pursued my passion for development despite not completing my undergraduate degree.
- Final year resit examinations remaining, but primary focus on becoming the best developer possible.
- Determined to make necessary sacrifices for personal and professional growth.
- Remaining committed to completing final year examinations to obtain my degree in the future.
